

Institutional Distinctiveness:

Our College was established in 1989 initially having only B.Com programme. It is going on in the best of it. After some years of establishment few students of the town wanted to pursue B.A. stream but there was no Arts College in Uran city so by considering the need of the students, B.A programme was started in 1996. Thereafter, our B.Com passed out students were going outside for the master's degree. So, Our College took initiative to start M.Com programme from 2006-2007. The strengths of the College has been increasing. Large Number of students are applying for the admissions for B.Com and B.A.; Admissions are given on the basis of merit list out of the applications received.

Looking at the current need of the education in this locality, College took initiative to start a specialised U.G programme i.e., B.Com (Accounting and Finance). Today in all U.G and P.G programme enrolment of the students is at the maximum permitted number. Though the College is in Urban area, majority of the students come to the colleges from rural areas like Mulekhand, Nagaon, Kegaon, Awara, Khopta, Chirner, Nhava-Sheva.

In spite of the lack of infrastructure, financial limitations, Hon'ble Chairman, CEO & Secretary, members of the management, teaching and administrative staff have been taking hard efforts unitedly under the great leadership of the I/C Principal Mr K. A. Shama for the betterment of the college and taking it to the great heights.

Our college has been performing well if we look at the following achievements:

- Continuous increase in number of female students.
- Residential of surrounding areas are getting higher education facility in their own locality which saves their time and energy.
- Results are satisfactory as well as progressive.
- Remarkable achievements in Extra-Curriculum activities through National Service Scheme, Cultural, Sports, Department of Life of Long Learning. It enhances culture of community and community commitment amongst students.
- Students actively participate in Avishkar Research Convention and other research activity.

The success that College has been getting from last several years, fulfils our vision & mission statements "Education moulds the Man"
